STOP the Rezoning of Sandidge Way

Fuller Road is shared by Colonie, Albany and Guilderland, but the City of Albany would spoil the traffic flow for ***everyone***, through rezoning and construction in their small part of the road that runs through their city boundaries.

Eleven homes on Sandidge Way with 20 cars, would be replaced with 173 apartments and spaces for 300 to 360 cars that will spill onto Fuller Road daily at the point where there is no central turn lane due to the cemeteries. There will be increased risks to pedestrians trying to bike or cross Fuller Road to go to school, work, or area businesses. Scary for drivers!

The re-zoning proposal has twice been defeated UNANIMOUSLY by the Albany County Planning Board! This proposal ***must be*** defeated by the Albany Common Council too. ***We need your help!***

Please call or email:

Honorable Carolyn McLaughlin, President of the Common Council. Phone:
(518) 462-1458
