Re: Local Law No. 4 of 1973

Dear Mr. Walters:

A copy of a petition consisting of _____ pages and the name of concerned citizens objecting to the proposed amendment to the Zoning Law of the Town of Guilderland is presented to you on this date.

It should be noted that this petition was circulated during a holiday period when many residents who had voiced public opposition to the amendment, at a meeting on June 13, were on vacation and, therefore, unable to sign the petition.

The object of the organizers of this petition is to protect the residential character of the north side of Western Avenue and to exclude the possibilities of incursions of absentee professionals into similar residential sections of the entire Town of Guilderland.

We urge that you note and include this petition in the minutes of the Board meeting of this date and that you be fully aware of the sentiments of the residents of this area.

We appreciate your attention to this matter.

Respectfully submitted,

Melvyn Behn
President
