

In a separate article we would like a publicity notice to the effect that On Monday evening, June 18, 1973, at 7:30 p.m. in Christ Lutheran Church (across from Stuyvesant Plaza on Western Avenue), the McKownville Improvement Association will be holding an open meeting for all residents in the community regarding the proposed sale of McKownville Water District property by the Town of Guilderland without proper notice and hearing. The thought at the present time is for legal action against the Town Board. The proposed legal counsel will be present at this meeting! If time permits discussion will also beheld on the condition of area streets following sewer construction work.

Thank you for your assistance in this matter.
