McKOWNVILLE
ALBANY 3, NEW YORK

March 11, 1976

Mr. Carl Walters
Town Supervisor
Town of Guilderland
McCormack's Corners
Guilderland, New York 12084

Dear Mr. Walters:

The situation with regard to the drainage south of Western Avenue at the McKownville Reservoir seems to have deteriorated considerably over the winter. It's quite a problem, aside from the pipe possibly being undersized, that there is a blockage in the culvert. Any effort that you can make to relieve this condition would certainly be appreciated by us and the Western Avenue commuter--and maybe even the trees there.

Best regards,

John K. Esler
President
