Sept. 29, 1976

Mr. Fred Abele, Chairman
McKownville Water Advisory Board
27 Warren St.
Albany, N.Y. 12203

Dear Fred:

The Town Board respectfully requests that a meeting of the McKownville Water Advisory Board be convened as soon as possible.

We are in another budget season and once more the question of consolidation of the McKownville Water District with the Westmere Water District confronts us. We request that the McKownville Board take this matter under consideration and present their findings to the Townwide Water Advisory Board.

Thank you for your kind attention.

Sincerely,

Carl J. Walters
