Mr. J. W. Kelly
Regional Traffic Engineer
N.Y. State Department of Transportation
Region 1 Office
84 Holland Ave.
Albany, N.Y. 12232

Dear Mr. Kelly,

I am in receipt of your letter of June 1, 1979, informing me that the New York State Dept. of Transportation is going to remove the traffic signal light at Norwood St. and Route 20 intersection, erect in its place stop signs and monitor traffic.

I wish to go on record as feeling that this is an imprudent move. It was after many accidents, including a fatal accident years ago, that this light was installed after insistence from the people in the area and also from local government. We have had many incidents of damage to traffic signals that are maintained by local government and have always had them repaired as soon as possible within hours. If a small community can do this, I'm sure the State can afford this repair.

In any event, thank you for the notification.

Very truly yours,

Carl J. Walters
Supervisor
